

## Request for Waiver of Registration, Laboratory and Other Mandatory Fees (Effective Fall 2019)

The Nevada Board of Regents provides a waiver of certain fees related to registration to eligible veterans who have been awarded the Purple Heart for their service in the U.S. Armed Forces. An NSHE institution shall waive registration, laboratory and other fees assessed against the student that remain unpaid after the student's account has been credited with the full amount of any federal education benefits to which the student is entitled to for that semester; or if a student is not entitled to receive any federal education benefits for a semester, the full amount of the registration fees, laboratory fees, and any other mandatory fees assessed against the student for that semester. Federal education benefits include federal grants awarded based on completion of the FAFSA, Veterans Administration education benefits and/or the Veterans Administration Vocational Rehabilitation and Employment benefit.

*Note: Students who have available federal education benefits but choose to defer use are not eligible for the NSHE Fee Waiver for Veteran Recipients of the Purple Heart.*

Provided you remain continuously enrolled during fall and spring semesters, this form must be completed and submitted to the institution's designated office only once. If the institution determines you are eligible for the waiver, you must complete the FAFSA each year for which the fee waiver is desired. If there is a break in enrollment you must submit a new fee waiver form.
